

East Sister

East Sister is the name of a solitary island on lake Erie (CA), home to thousands of birds. It's also the trio of Lorraine Dinkel (voc/g), Laura Schenk (keys/voc) and Amadeus Fries (drums/electronics). The swiss band subtly weaves through fine instrumentals and cristalline singing, a melancholic and fascinating Indie-Pop. The music accompanies, moves, describes wind under the wings - powerful and soft. And that's how they sound too, East Sister's songs: like a desire to fly.
